

# One to One CD Recordable Duplication System

The CopyWriter 121 is a low cost, performance oriented one to one CD Recordable duplication system from MicroBoards Technology, LLC. With it's user friendly one button operation, sleek desktop footprint, and office environment aesthetics, the CopyWriter 121 is perfect for any user requiring easy copying of audio, video or data CD's. Superior technology allows the CopyWriter 121 to ship without a hard drive; duplication of CD's is done on the fly. LED indicators provide the user with status of the duplication process, minimizing the number of faulty discs. The CopyWriter 121 features an external SCSI interface for direct connectivity to a PC or Macintosh, allowing the user to create original master CD's. Current high speed CD Recordable technology is supported including 12X. Applications suited for the CopyWriter 121 include Pro Audio, Multimedia, Government / Education, Software Development, Medical Imaging, and Data Interchange. Contact your MicroBoards Technology, LLC Account Manager for details.
